M Barnwell Services Bodok Seals are specialised washers to ensure an air-tight seal between the cylinder yoker or regulator of any medical device that requires a gas supply and a gas cylinder.

Popular materials include Mild Steel Nitrile sealing element, and Mild Steel Neoprene® sealing element. However, they can also be supplied from Rubber polymers EPDM, Viton®, HNBR, and from Metals Aluminium and Stainless Steel.

Bodok Seals are used regularly in areas where Anaesthetic Gases are dispensed:

- Hospitals
- Veterinary Surgeries
- Dentists
- Medical Practices
- Schools
